### DSS Director Warns About Imposters

There have been recent reports in Gladwin and Gratiot Counties of a person or persons, unknown, falsely claiming to be a Children's Protective Services Worker, threatening and attempting to remove children from their homes. If a stranger comes to your home, claiming to be a Children's Protective Services Worker, ask to see his or her WHITE Department of Social Services Identification Card. If the person does not have one, do not let him or her into your home. Get their license plate number, if possible, and contact your local law enforcement agency immediately, said Beverly J. Cuthbert, director of the Crawford County Dept. of Social Services.

Above all, do not let anyone remove a child from your home. Remember, a Children's Protective Services Worker cannot remove a child from your home unless he has a court order, or a law enforcement officer with him.

If you have any information regarding this matter, please contact your local law enforcement agency.

### One Lehman Escapee At Large, Another Caught by City Police

Yager, a white male 6'2" and 165 pounds with light complexion, was wearing a white T-shirt and dark pants when he was reported missing around noon. He is reported to be serving time for armed robbery and kidnapping. Anyone with information about Yager should call the sheriff dept.

Ellis Tarvis, 47, escaped from Camp Lehman Sunday morning and was caught Sunday night by Grayling City Police 'chhiking near the Grayling Holiday Inn. He was wearing camouflage clothing similar to Kentucky Army National Guard camouflage uniforms.

### New Air Service Starts Locally

Centurion Air, of Flint, has entered into an agreement with the Crawford County Transportation Authority to provide limited regularly scheduled air taxi service between Grayling and Pontiac. According to this schedule Centurion Air flights will arrive in Grayling at 7:30 p.m. every Friday and depart 6:30 a.m. Mondays.

Bill Hughes, Centurion Air's Chief Pilot, has indicated that the company will be conducting a market analysis during the first few months of service. Based upon the results of that survey Centurion Air's Grayling

schedule will be expanded or adjusted to best meet the community's needs. Hughes also stated that Centurion Air representatives will be calling on area businesses in an attempt to determine market needs for demand-response air charter services.

In addition to the regularly scheduled air taxi, and demand-response air charter, Centurion Air is also fully licensed and certified for air ambulance flights.

Centurion Air is a well equipped firm capable of flights anywhere in the continental United States and

## Levin Wants New Division Assigned Here

Washington - Sen. Carl Levin (D-Mich.) has urged the Secretary of the Army to assign a planned new 10,000-soldier infantry division to Camp Grayling.

Citing the camp's size, location, facilities and current usage - as well as the beneficial impact the division would have on the economy of Michigan - Levin told the secretary in a letter: "I believe it would be in the best national-security and fiscal interests of the taxpayers to locate the new...division at Camp Grayling."

The Army announced about 2 months ago that it was planning to create a Light Infantry Division (LID) in early 1985, and that eight posts in six states were under consideration. Levin immediately assigned staff to investigate why the new unit could not be based in Michigan, and concluded that it could be.

Levin said in his letter to Army Secretary John O. Marsh that he strongly supported creating the division, because it has "significant potential to increase our conventional combat capabilities in a cost-effective manner." A member of the Senate-Armed Services Committee - and ranking Democrat

on its procurement task force - Levin has been a leading advocate of a stronger conventional defense, as well as of cost-effectiveness in Pentagon budgeting and procurement.

"There are many reasons why basing this new unit at Camp Grayling makes the most military and fiscal sense, and why, at the very least, this Michigan facility should be added to the list of candidate LID locations," Levin told Marsh.

Because of its 121,000-acre size, Grayling is considered "one of the best training sites in the country for infantry training," Levin said. The state intends to add 42,000 acres to the camp, he noted. The new LID will require only 80,000 acres, so there would remain ample room for continued Guard and Reserve training, he noted.

The potential for interaction between the division and the Guard and Reserve units at Grayling would be a plus, Levin said. The new division may require "rounding-out" at first with Reservists, he noted. And "experience has demonstrated that both active and reserve components train better

and achieve higher levels of combat effectiveness and readiness if they regularly operate together," Levin said, adding: "Grayling and Michigan are tailor-made for this organization."

Grayling has excellent facilities, including 12 new ammunition storage bunkers and modernized arms-training ranges, Levin noted.

Besides its own two 5,000-foot concrete runways, Grayling is only 80 miles from Wurtsmith Air Force Base and about the same distance from the municipal airport at Alpena, Levin noted.

The topography and climate in that area closely approximate that of Northern Europe, where the new division might be deployed, and training at Grayling therefore "would increase its combat effectiveness," Levin said.

In developing his proposal to bring the division to Michigan, Levin worked closely with Maj. Gen. Vernon J. Andrews, adjutant general of Michigan and director of its Department of Military Affairs, and his staff.

### Halstead Appointed County Commissioner for District 7

By Jon Thompson

Claude Halstead landed on a hot seat when he was appointed district 7 commissioner by the county board Thursday at their regular meeting.

Commissioners Mary Harland, Larry Mattis, Andie Neilson, John Miller, and Jeannette Kitchen voted for Halstead while Don Welsler voted for Mahlon Riker to fill the seat left open by Garland Joyce's resignation. Halstead was at the meeting and immediately joined the board as the newly appointed district 7 commissioner.

Welsler said he thought Riker was probably not given any consideration by the rest of the board and the

appointment of Halstead was pre-arranged.

"I want to let Mr. Halstead know I'm not in opposition to him in any way, shape, or form, but I also would like to go on record as believing this is a set-up deal and I'm not in favor of it," said Welsler.

Harland said she resented Welsler's comments and Mattis also said he resented Welsler's inference there was any kind of collusion for the appointment.

"I think Welsler's accusations are ludicrous," said Kitchen. "This board has the right to vote for who they wish to vote for."

County Clerk Beth Wieland said Halstead had called her to ask what time

the appointment would be made during the meeting. In previous appointments, new commissioners have been appointed early in the meeting and joined the board for the remainder of the meeting.

Neilson said he wasn't swayed by any member of the board but voted for Halstead because it was better to appoint someone who isn't running for the seat. Halstead made an announcement after being appointed that he only wishes to serve the remainder of the term and does not plan to run for re-election.

Riker said in his application for the appointment he

### HUD Considering Lawsuit

By Jon Thompson

The United States Dept. of Housing and Urban Development is considering a lawsuit against the Crawford County Commission on Aging and the Crawford County Board of Commissioners, chairwoman Jeannette Kitchen told county board members last Thursday during their regular meeting.

"HUD, through efforts with the Grayling Housing Commission, will proceed by any means necessary to recover any or all HUD funds its investigation finds unaccounted for," said Kathy Miles, HUD Housing Management Officer.

Miles said it is possible the former Grayling Housing Commission director, Lora Gould, could be named in a lawsuit, if one is necessary.

HUD officials wouldn't say how much money is involved because their investigation of the Grayling project continues. Sue Schuler, director of area agencies for North East Michigan Services Community Agency, said at the Thursday county board meeting NEMSCA had been comparing budgets with HUD. She said HUD is seeking to recapture \$87,000.

The county commissioners recessed their meeting Thursday and will reconvene at 1 p.m. Thursday to discuss the Commission on Aging problems. They've invited the Commission on Aging board, its director Lora

Gould, HUD housing officials, the Grayling Housing Commission, NEMSCA officials, and the county prosecutor.

At the meeting, the Commission on Aging may be dissolved by the county board of commissioners. At the board meeting Thursday, commissioner Mary Harland asked Schuler what options the county board has in dealing with Commission on Aging problems.

Schuler said the county board created the Commission on Aging and the county board can dissolve it with a resolution. She said if the commission is dissolved, the board will need a simple contract amendment with NEMSCA to continue funding. (NEMSCA currently has an \$88,000 contract with Crawford County funding programs here.) Schuler also said termination notices would have to be sent to all Commission on Aging employees because the entity that hired them would no longer function.

Barbara Selesky, a Commission on Aging board member, spoke at the county board meeting Thursday asking county commissioners for their help. She said since April 11 when big problems surfaced, the Commission on Aging board has only met for one hour because they've been unable to raise a quorum.

In other Commission on Aging news, Kitchen pre-

sented an opinion from David Sabin, the county's assistant prosecutor, concerning conflicts of interest for Commission on Aging board members.

Kitchen said several board members had asked for an opinion regarding a board member owning or operating a nursing home or adult foster care facility and a board member serving as president of a bank and being a major stockholder in a bank which is a depository of Commission on Aging funds.

Sabin said in his opinion both instances fall under a limitation section outlining aging commission guidelines. The limitation section says a commission member shall not participate in the selection, award, or administration of a contract if the commission member, a member of the member's immediate family, a member's partner, or an organization in which any of these persons is an employee, director, or officer has a financial interest in that contract.

A commission member is supposed to make known a potential conflict of interest before a vote regarding a contract and abstain from discussing, making a recommendation, or voting in regard to a contract, grant, or policy if his or her personal or business interest is involved, according to the

### New Middle School Proposal On School Election Ballot

By Jon Thompson

A proposal to build a new \$4.5 million middle school will be on the annual school ballot June 11 along with candidates for three school boards.

The Crawford AuSable School District is asking voters to approve funds for a new middle school attached to the high school. The millage rate to fund construction is estimated at 3.38 mills spread over 15 to 20 years.

The school board is asking for the new middle school to

replace the middle school built in 1916 currently used in Grayling.

Also on the ballot are 12 candidates for school board seats. Todd M. Riley and H. Ann Stephenson, both from Grayling, are running for one four year term on the Crawford AuSable School Board. The seat held by board president Kathleen Burkley is expiring and she is not seeking re-election.

Incumbents A. Lynn Sohn, Robert Carpenter, and Junior Clemens along with John W. Bifoss, Sr., Thomas

P. Sawyer, and Carl A.C. Wright are seeking three six-year terms on the C.O.O.R. Intermediate School District Board.

A Grayling man, Jerry Hayes, along with incumbent Suzanne E. McClellan, James G. Heim, and Roy Spangler will be seeking two six-year terms on the Kirtland Community College Board of Trustees. Trustee A. Louise Turner is not seeking re-election.

### County Recreation Millage Placed on August Ballot

By Jon Thompson

A proposal for a three-year millage to fund a county-wide recreation program will be on the August primary ballot. The proposal asks for a half-mill, which generates about \$96,000 a year.

A quarter of a mill will be earmarked for operation of the Hanson Hills Recreation Area. The other quarter mill will be used to operate a county-wide recreation program.

The county-wide recreation program would proba-

bly include hiring someone to run swimming, softball, Little League, basketball, soccer, and other recreation programs as well as coordinate use of area ballfields, parks, and gymnasium.

A county parks and recreation board will control the millage funds.

The half-mill proposal was worked out by a special committee of township supervisors Bernie Fowler, Harold Mertes, Fred Schablich, Barbara Hunter, Cletis Spears, and George Rybicki, city manager Jerry

Morford, Randy Thompson and Jim Tobin. Thompson said the amount earmarked for operating Hanson Hills is enough for it to survive and that's all.

Thompson, a board member of the Grayling Recreation Authority which operates Hanson Hills, said at this point the park can't beg or borrow any more to get by. Another board member, Jerry Morford, said the park can't exist without support any longer. He said the Grayling Recreation

### FBI Charges 9 in Theft Of Camp Grayling Scrap

Nine area men have been charged in U.S. District Court in Bay City with conspiring to steal scrap armored vehicles from Camp Grayling ranges.

against James R. Wakeley, David G. Piehl, Juell B. Joseph, Duane L. Hamblin, Dennis S. Palmer, and Edwin W. Papendick, all of Grayling, Gordon R. Joseph and Juell L. Joseph, both from Frederic, and Phillip Lennert, of Mt. Pleasant.

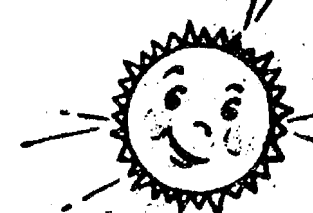

The men are charged in connection with the theft of

two and a half obsolete armored personnel carriers taken from a firing range. The FBI agents listed the scrap value of the vehicles as \$5,600 and the replacement cost of the stolen goods as \$47,500. The military used the vehicles for targets on their firing range north of County Rd. 612.

From Our  
Corner...

Once again the Crawford-AuSable Board of Education is asking the taxpayers in the district for a bond issue to build a new Middle School to replace the present structure that was built in 1916...no one likes more taxes added on to what they already have, but each year the present Middle School becomes more antiquated and a hazard to the welfare of the students in the 68 year old building...both Toni and Dane attended and graduated from this same building when it housed K-12, and at that time we thought the building should be replaced any time...the structure has had heavy use, and we feel it has outlived its usefulness...

We, like many citizens have no children in the school system anymore but, we remember that when our children and the many others throughout the years who have gone to school in this building were educated through taxes paid by citizens for them...there is no better investment than the education of our youth, and the environment in which they are taught means much to the success of their education...

We feel that it is time for a new Middle School and will support the bond issue at the election on Monday, June 11th...

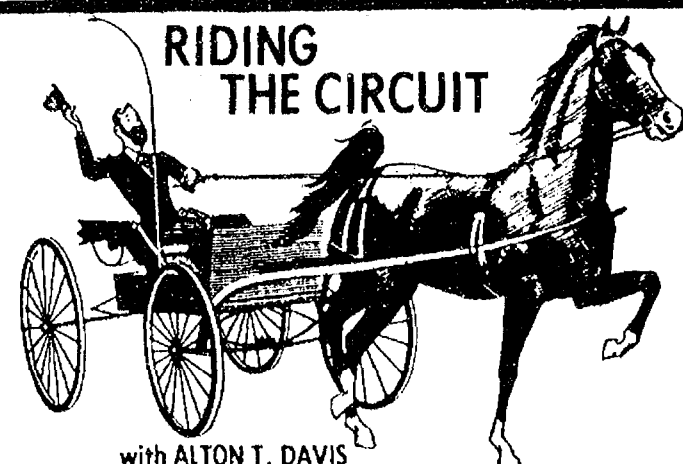

Last week when we were writing our column we thought of the many things to do when Dane and Amber arrived on Wednesday...they left for home Tuesday afternoon and I don't think we even scratched the surface in doing the things we planned...a week just isn't long enough but, it was nice having them here for that short time...we had a houseful over the weekend as Toni, T.J. and Stefany came over so the girls could be together as much as possible...our Traverse City family has to be moved to the Buckeye state by the end of July...

Nothing like a little excitement to spice up a Saturday evening at McIntyres Landing at Lake Margrethe...the excitement was caused when a black Bear decided to visit some of the homes at the Landing...at the home of the Robert Paulsens, Mrs. Paulsen happened to look out her window and first thought she seen a large dog but, it turned out to be about a 250 pound black Bear looking in the window that must have been attracted to the neighborhood from people barbecuing...the Bear ambled off into the woods and caused no harm, but a lot of conversation...

It has been a hectic week for the ol' fella, and right now we are running behind schedule and have to take Dane and Amber to T.C. Tuesday so we will call it quits for this week...goodnight T.J., Stefany and Amber, and to all of our readers, have a nice weekend...

## The Bible Speaks

From Calvary Baptist Church

MARKS OF A  
HYPOCRITE

Matthew 23:25-28

The next two woes of Jesus upon the spiritual hypocrites deal with their attempts to cover their vile character by a good public image and reputation. "Woe unto you, scribes and Pharisees, hypocrites! for ye make clean the outside of the cup and of the platter, but within they are full of extortion and excess. Thou blind Pharisee, cleanse first that which is within the cup and platter, that the outside of them may be clean also. Woe unto you, scribes and Pharisees, hypocrites! for ye are like unto whited sepulchres, which indeed appear beautiful outward, but are within full of dead men's bones, and of all uncleanness. Even so ye also outwardly appear righteous unto men, but within ye are full of hypocrisy and iniquity." Matthew 23:25-28. These spiritual leaders were full of wickedness on the inside because they were still unsaved. Matthew 23:13.

In the early verses of this chapter by Jesus on hypocrites, He gave us some insight into their outward image. They like to sit in authority and tell others what to do. Matthew 23:1-4. They dress to look like clergy. "But all their works

they do for to be seen of men: they make broad their phylacteries, and enlarge the borders of their garments." Matthew 23:5. They like to be recognized at organized meetings. "And love the uppermost rooms at feasts, and the chief seats in the synagogues." Matthew 23:6. They like special religious titles. "And greetings in the markets, and to be called of men, Rabbi, Rabbi. "But be not ye called Rabbi: for one is your Master, even Christ; and all ye are brethren. And call no man your father upon the earth: for one is your Father, which is in heaven. Neither be ye called masters: for one is your Master, even Christ." Matthew 23:7-10. The Bible gives no spiritual leader a title. The local church has 2 offices of service, pastor and deacons. These are not titles, but offices where brethren serve brethren of equal worth.

True Christian leaders are called for servants not showmen. "But he that is greatest among you shall be your servant. And whosoever shall exalt himself shall be abased; and he that shall humble himself shall be exalted." Matt 23:11, 12. (adv.)

Proposed Improvements  
To Jones Lake Road

The Grayling Township Board has recently determined to make certain improvements (blacktopping) to Jones Lake Road.

On June 12, 1984, at 7:30 p.m. in the Grayling Township office, M-72 West Plaza, a public hearing will be held to approve a special assessment district to defray 25% of the cost of this improvement. The district is roughly described as follows: All those parcels abutting Jones Lake Road and also including those properties using Jones Lake Road as access.

Plans for this improvement project are presently on file with the Grayling Township Clerk and can be viewed in her office during regular business hours.

Roy Spangler, of Roscommon, is seeking one of two six-year terms for the Kirtland Community College Board of Trustees.

Spangler, 37, is the Roscommon and Crawford County Extension Director for the MSU Cooperative Extension Service and holds a Master of Science degree in vocational education and Bachelor of Science degree in resources.

Spangler says his personal interest are economic development and the creation of jobs, and education and vocational education can play a big role in developing rural business and industry. He feels he can make an important input at the policy level to strengthen KCC's role in job development.

Spangler says area taxpayers should receive the best community college programs for their taxes and stresses that KCC needs to remain an affordable alternative to universities where tuition costs are skyrocketing.

Spangler is married with two children.

## State Action Promised To Ease Fishing Conflicts

Warren M. Hoyt, Executive Dir., MPA

State actions set for this summer should help conflicts between Indian fishers and other commercial and sport anglers, Natural Resources Director Ronald Skoog reported recently while agreeing with tribal leaders that major unresolved issues involve Great Lakes trout rehabilitation and allocation of fishing resources.

Skoog said leaders of three bands of Chippewa Indian tribes, concluding a two-day negotiation session, said the sides have made great progress toward agreements on use and management of Great Lakes fishing.

Joseph Lunsden, chairman of the Sault Ste. Marie tribe, said the big step was recognition by the state of tribal treaty to fish without regard to DNR regulations, rights which were reinforced by a 1979 federal court ruling.

Skoog said the state will this year act more aggressively to uphold those rights, in part with an information program for other commercial and recreational fishers and by more vigorous prosecution of those vandalizing or damaging Indian fishing activities.

He said potential confrontations should be reduced through such things as closing southern Lake Michigan to commercial whitefishing from July 1 to September 4, reducing the bag limit for lake trout which should reduce trout mortality by 50 percent and continuing to urge the Legislature for a buyout program for Indians who would agree to convert from gill nets to trap nets.

A DNR attempt to impose its gill net ban on tribal fishing was rejected as part of the federal lawsuit.

And, Skoog said Lunsden said there was good agreement on where to assign refugees in Lake Michigan that would be off limits to both Indian and non-Indian fishers.

The Indians returned to federal court to implement the earlier ruling upholding treaty rights. Lunsden said if an agreement can be reached

to allocate the fishing resources between Indians and non-Indians that lawsuit would not be necessary.

Skoog said negotiations will continue indefinitely — the next session will be held in about a month because some issues like rehabilitation of lake trout will take a long time. He said the negotiations are aimed at getting a framework for managing the fishery.

"All issues are still on the table because it all hinges on performance", Skoog said.

On reducing conflicts and tensions, the director said Indians want to see how well the state performs to uphold treaty rights.

Other bands involved in the negotiations are the Bay Mills and Grand Traverse.

**Temporary Emissions Program May Not Suffice**

The regional director of the Federal Environmental Protection Agency declared that implementing a temporary auto emissions program in the Detroit metro area, through emergency rules, might be rejected by the agency.

Valdus Adamkus said the agency wants a permanent program to monitor emissions.

Emergency rules can be imposed by the governor for up to a year.

The EPA has threatened to impose sanctions against the metro area, which would cut off federal air pollution funds and deny air pollution permits for new construction, if an emissions testing program is not implemented.

Emergency rules as a temporary solution to the situation have been suggested by several legislators. A number of other legislators have suggested suing the EPA to block the sanctions, but Adamkus said in such a situation the target would have to be the federal government and not the agency which is implementing that law.

Should sanctions be imposed in Wayne, Oakland and Macomb counties, Adamkus said they probably could be in place by July or August, once public hearings have been held.

**FINDS BALLOON** — Stacey Konesky, 7, of Pemberville, Ohio holds the remaining balloon found alongside the field near her house. The balloons traveled over 300 miles from Mercy Hospital in Grayling, Mich. Photo by Susan Cross

By Erin Esmont

Up, up and away went the 35 balloons released from Grayling, Michigan, May 15, at 2:30 p.m. Six hours later, seven of them had traveled over 300 miles due south to land on the John Konesky property in Pemberville, Ohio.

Seven-year-old Stacey Konesky, upon returning home with her grandmother around 8:30 p.m., spotted a

clump of balloons in the field alongside the house. With help from her brother, Patrick, 14, they rescued the balloons from the underbrush.

"It was different," Patrick remarked. "We found them that night and they had gotten all tangled together."

According to Deryl Holmes, director of public relations at Mercy Hospital, the releasing of the balloons was part of the activities of National Nursing Home Week, May 13-19. Other activities included a Dress Up Day, Photo Day, and Visitor's Day.

About 25 patients in the hospital's long term care unit participated in the balloon send-off, he said.

The patients attached postcards to the string of the balloons to ensure identification.

## Lovells Home Extension

The Lovells Home Extension met on Wed., May 9 at the Lovells Township Hall with 18 present. Each member brought a dish to pass and Katherine Jones was hostess.

Plans for the annual Flea Market were discussed, the date will be Saturday, July 7, it will be held at the Town Hall from 10:00 a.m. until 2:00 p.m., the proceeds go for college scholarships.

It was moved and supported that our group sponsor Margaret Miller as our member to attend College Week "84" to be held on Michigan State Campus June 18 thru the 21st.

Bingo helpers at Timber-view Village in May were: Margaret Cavanaugh, Vickie Davio, and Joyce Mullin. Election of officers was held as follows: Chairman, Mildred Johnson; Vice Chairman, Helen Spencer and Secretary-Treas. Carol Ralph.

At the meeting were Sheriff, Joe White and undersheriff, Jim Parker. They gave a talk on drunken driving and displayed the breathalyzer which gives the amount of alcohol present in the body when an individual breathes into the machine. Sheriff White also showed a film on Wood and Kerosene stoves and pit-falls of heating with wood. We appreciated their informative talks.

A blue spruce tree was planted at the Lovells Town Hall. Margaret Cavanaugh and Irene Honey were committee members with husbands, Ken Cavanaugh and Harry Honey providing the labor. The tree was donated by Arthur Lake. Helen Spencer won the mystery package.

The next meeting will be on Wednesday, June 13th. Members will meet at the Town Hall at 10:30 a.m. and go to the Grayling Fish Hatchery for a tour, then have a box lunch with Dorothy Schatte furnishing dessert. After lunch, they will visit the Grayling Historical Museum.

## Mike Anthony To Seek Sheriff Post

Mike Anthony this week announced he will seek the Republican nomination for Sheriff of Crawford County. Mike is thirty-three years old; a lifelong resident of Crawford County and resides in Grayling Township.

He is a graduate of Grayling High School; attended Ferris State College from 1969 until 1974 and graduated first in his class from the Macomb Criminal Justice Center in the fall of 1977.

Mr. Anthony currently holds the position of Deputy Sheriff of Otsego County, having been appointed to the post in March of 1978. Prior to that time he worked in the Grayling Business Community. He now serves as an executive board member of Lodge #175 of the Fraternal Order of Police and enjoys tennis and racquetball as leisure time activities.

Mike is a long-time Republican party member and was a candidate for sheriff in 1980.

"The position of sheriff is one that directly affects each and every resident of the county. I feel that I have the necessary knowledge of the area and its people and a common sense approach to local law enforcement. Additionally, my knowledge of grant application and funding, jail operations, and on the street experience qualify me for the job at hand."

"Because my current position requires that I spend so many hours outside of Crawford County, I am looking forward to the opportunity to serve my friends and neighbors while still pursuing my career close to home," stated Mr. Anthony.

### Editor's Mailbox

For consideration regarding the Middle School Bond proposal:

It is an accepted fact that none of us really enjoy paying taxes. Also for others like Mrs. Wert and myself whose children are no longer in school; we have a natural tendency to think our local educational program is no longer our responsibility. However, we need to take our thoughts just a bit further and remember that we all benefited from a public education system which cost us only the time it took to attend classes.

Also many of us need to recall that our children attended and graduated from the Grayling Public Schools at a relative small cost to us in local school taxes.

As Senior Citizens living in the Crawford AuSable School District how can we, in good conscience, abandon our responsibility to those children of our community who are presently enrolled in our schools.

Let us join with parents who presently have school age children and vote Yes on the Middle School bond proposal, Monday, June 11th.

Dear Editor:

On behalf of the State Board of Education, I would like to commend the 150 high school students from throughout Grayling Crawford AuSable Schools area who participated in the recent Grayling High School Student Leadership Forum.

The purpose of the Forum was to give students an opportunity to express their educational concerns and recommendations to local and state education officials.

Gary Cass, Coordinator of the Student Leadership Forums for the State Board of Education, reports the young people who participated in the Student Leadership Forum were an attentive, personable and articulate group of young adults.

The purpose of this letter is to let the people of Grayling High School area know how much members of our staff enjoyed working with these young people.

Sincerely,

The Editor

Grayling, MI 49738

Dear Whitey,

I write to you and the voters of our community as a concerned citizen and fellow taxpayer. Monday, June 11th is an important day for our community. On that day we the voters will decide the fate of the proposed middle school. On that day I will vote 'Yes' and I strongly encourage you to do so too. There is a real need for a better facility to educate our children. The present building is not only dangerous and an inadequate structure to educate our young people, it is also an embarrassment to our community as a whole.

What professionals or new business people looking for a new place to locate would consider a community that doesn't value itself or its most valuable resources, its young people.

To vote 'No' on this issue in my opinion is a selfish vote. To vote 'No' because you disagree that there is a need for a new middle school suggests to me that you haven't taken a good hard look at that building. To vote 'No' because it is the only tax that you have a direct say in is equally selfish. The few dollars a year you may initially save now will eventually cost you and our community more not only financially, but in other ways that can't be determined monetarily.

Please if you are undecided about how to vote, or if you are thinking of voting 'No', consider the issue again and for the sake of the children, our community, and ultimately yourself, Vote 'Yes'. Help make this community even better than it already is. Thank you.

Respectfully,  
Father Derik Roy

# Our Children Can't Afford To Wait

## DO WE REALLY NEED MORE CLASSROOM SPACE?

YES! Enrollment projections indicate we will be short of classrooms in the elementary and middle school within five years.

## WHAT ARE THE ADVANTAGES OF AN AT- TACHED FACILITY AT THE HIGH SCHOOL SITE?

**COSTS** - The proposed facility is \$500,000 less than a new separate facility.

**TRANSPORTATION** - Costs will not increase as K-12 students all ride the same buses. Buses stop at the elementary school before going to the high school and could easily transport town children to the school without extra trips.

**ACADEMIC** - Academically advanced middle school students will have the resources of the high school readily available: courses, material, facility, teachers.

## HOW WILL A NEW FACILITY IMPROVE THE QUALITY OF EDUCATION?

Although quality education depends on quality instruction it is not realistic to expect high levels of performance from either teachers or students working in an environment that is noisy, too cold, too hot, and in various stages of deterioration.

Student letters to the school newspaper voice major concerns over the distractions of uneven heat, noisy floor boards, plaster and paint falling on them and books, and the safety of the old wooden staircases. A new facility will not guarantee quality performance but it will reduce distractions and frustrations of teachers and students allowing for better concentration for the task at hand - EDUCATION.

## COULD THE MIDDLE SCHOOL BE CON- DEMNED? ARE OUR CHILDREN SAFE?

The Middle School can not be condemned at the present time because the only codes necessary for the school to meet are those in effect when the school was built in 1916. But obviously our children are not as safe as they would be in a new facility which meets today's safety standards.

## WILL MIDDLE SCHOOL STUDENTS HAVE REGULAR CONTACT WITH HIGH SCHOOL STUDENTS?

NO! The design of the proposed facility limits contact between students in the different schools. Middle school students will enter the high school only to attend music or vocal classes or events in the auditorium. All other shared classrooms - home economics, shop, art, and drafting - will have entrances direct from a middle school corridor.

The middle school will have its own bus loading areas, entrance, physical education fields, library, gymnasium, cafeteria and classrooms. An outdoor greenbelt and fence will further separate students and facilities.

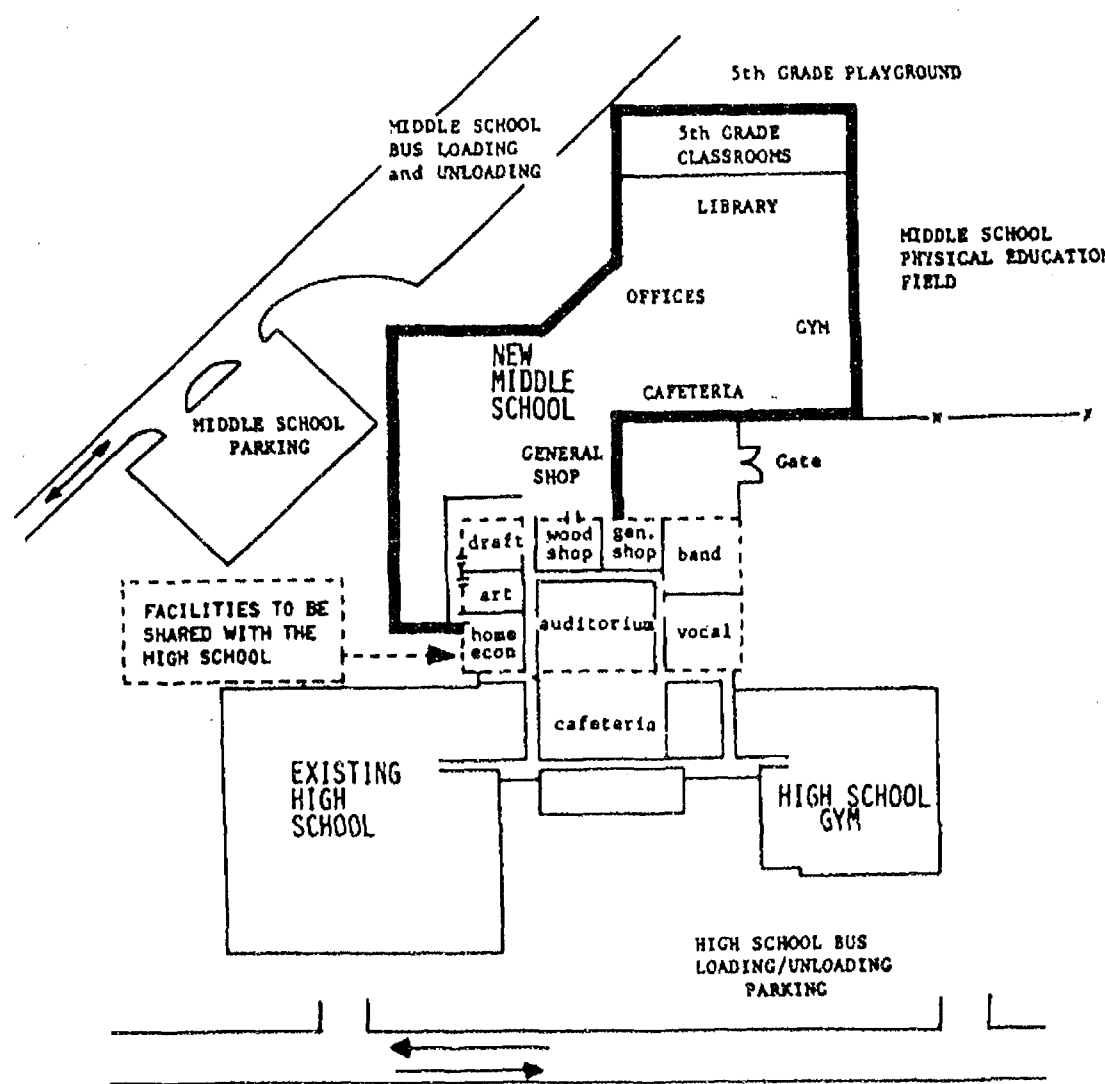

Fifth grade students will have their own classroom and playground areas separate from other middle school students.

No one knows the old Middle School better than Elmer Fenton — student, teacher, and Principal in the old school from 1916-1970 — and he knows it's time for a new one. Elmer and his grandchildren are pictured above in the old Middle School.

# For Their Sake . . . We Can't Afford To Wait

## PROPOSED 5th - 8th Grade Middle School Addition to Existing High School

## Invest In Our Future

# Vote Yes

## on the Middle School

## Bond Issue June 11th

Paid for by the Committee for a New Middle School

# Our Community Can't Afford To Wait

## WHY NOT WAIT? WHY NOW?

It costs \$200,000 more each year we wait (based on current inflation rates and interest trends).

## WHY NOT RENOVATE THE EXISTING FACILITY?

Renovation would require completely gutting the interior of the middle school. Renovation would cost 90% of the cost of a new attached facility and the life expectancy for a remodeled facility is 20 years less than new construction. Remodeling still would not solve the problem of too little outdoor space or not enough classroom space.

## IS A NO-FRILLS SCHOOL BEING PROPOSED?

YES. A basic building is planned which will be energy efficient. Building and operating costs are reduced by sharing classrooms with the high school. Only facilities essential to a sound middle school curriculum are planned.

## HAS THE EXISTING MIDDLE SCHOOL BEEN MAINTAINED?

No amount of routine maintenance could solve the problems of the middle school:

- antiquated plumbing, heating and electrical systems
- worn window and door casings that are energy inefficient
- poor room layout
- inadequate outdoor physical recreation space
- building is not barrier free

All of the above are CAPITAL EXPENDITURES, not routine maintenance. The school has had 68 years of heavy use that can't be compared to 68 years of ordinary use on a private building.

## HOW IMPORTANT ARE GOOD SCHOOLS TO CRAWFORD COUNTY?

There is an undeniable link between business and industry and schools. Professionals and businesses looking for a place to locate give strong consideration to the quality of schools in the area.

New businesses and industry help ease the inflationary rise in taxes by increasing the overall tax base.

## PROJECT COST:

If your home is valued at:	and assessed at	your increased tax per year/per month:
\$80,000	\$40,000	\$135.20/\$11.27
\$60,000	\$30,000	\$101.40/\$ 8.45
\$40,000	\$20,000	\$ 67.60/\$ 5.63
\$20,000	\$10,000	\$ 33.80/\$ 2.82
\$10,000	\$ 5,000	\$ 16.90/\$ 1.41

Project cost of \$4,500,000 with a first year millage rate of 3.38.

The rate of the millage is reduced as the district's state equalized values increase.

Bond retirement will be scheduled for 15 to 20 years.

## Vikes Lose in Pre-District

The Grayling baseball team lost out in a game of shuffle last week as they pounded Rogers City 11-0 Tuesday but lost to Roscommon 9-2 Wednesday in a pre-district game. Rogers City, who beat Lincoln Alcona in their pre-district game, won the district title against Roscommon on Friday.

Jeff Branch led the assault Tuesday against Rogers City with his ninth home run of the year. Branch collected

three RBIs on a double and his four-base hit.

Dean McKinney was the winning pitcher hurling a shutout and also hit three for three picking up one RBI. Jim Stewart had a single and double driving in two runs. Ken Lademan hit two singles knocking in one run. Jon Nicholas brought in two runs with a single, and Bob Gellinski had an RBI double.

Grayling finished 8-8 in the league.

In the second game against Rogers City that doesn't count in league standings, Rogers City nipped Grayling 9-8. Gellinski blasted a two-run home run and also knocked in a run with a

single. McKinney had two RBIs on two singles, Mike Hickey had an RBI single and drove in a run with a ground out, and Branch had an RBI single.

Against Roscommon, Grayling ran into a hot pitcher. Buddy Thompson from Roscommon struck out 12 Vikings and allowed only two hits over the seven-inning game.

Grayling's only runs came on a double by Gellinski driving in Stewart and Branch in the sixth inning. Grayling couldn't bring in Gellinski from second and left the bases loaded in the seventh inning. Grayling committed seven errors and Stewart was tagged with the loss giving up eight hits while striking out six. Grayling finished 12-12 overall.

## 5th Graders Tutor at Frederic

Judy Packard's fifth grade class at Frederic Elementary tutored students in Patricia Hawkins' kindergarten class and Sharon Vergeldt's first grade class, helping them learn to count, recognize letters, and develop fine motor skills.

The fifth graders also read to their young friends, checking out books from the Frederic Elementary library, the Frederic Community Library, and earning books through the federal RIF program.

Here are seven samples from papers written by the fifth graders about their tutoring experience.

"Tutoring is fun because you get to know little kids, and for once they think I'm a grown-up. And it was terrible when they cancelled tutoring one day. I tutored

five kids, Dean, Mark, Joey, Jennifer, and Jason..." —Paty Timmons

"I was in tutoring all year long. I like tutoring because it makes me feel good. When I'm tutoring I teach kindergartners letters, numbers, words, and sometimes read to them..." —David Pratt

"It was neat to help little kids learn things they never knew before. At the beginning of the year our class set a goal of 1000 hours of school spirit service. We have just finished our goal..." —Cheryl Johnson

"...We read to little kids and helped them earn RIF books, we made posters to hang up, people helped little kids start stamp collections, and more. We are all proud of what we did to help this year..." —Tim Hough

"...I tutored Jennifer Wallace and Desi Hebel for the reading and Erica Hinkle and Angie Myers. I have learned a lot from tutoring. In fine motor skills we did cutting, played games, tracing, and sequence cards..." —Amy Valdick

"...I had to tutor Larry and Dean. They learned how to say the alphabet and tell if the shapes were the same or different. They learned how to cut straight or curved lines. They did sounds, mazes, and tried to see if they knew the first letter in small words..." —Marylynn Charron

"Tutoring is fun because you learn from the little kids. You learn about them. You learn what they like. I like to help little kids..." —Angel Hale

## Churches Having Bibletime Marketplace

The week of June 18th is not far away and three local churches are busy finalizing the plans for a vacation Bible school this summer based on the life of families as they lived when Jesus lived. Members of St. Francis' Episcopal, St. John Lutheran and Michelson Memorial United Methodist Churches are busy with setting up Jewish tribal units for the children who come.

The children will be in "families" with a Mother who will see that they are in costume each day. Ladies are busy sewing costumes for all of them. In the family they will learn their Bible verses, receive a snack and go to the special activities each day.

Many different learning activities are being planned which the tribes will do. Tents are needed for the tribes like six or eight man regular tents or screened tents would work also. Anyone having one the churches could use for that week please call Ann Morford at 348-2974 or one of the other churches. Other items needed are wood scraps for the woodworking area and nails. These may be left at the Michelson Memorial United Methodist Church anytime in the morning.

The week will end with a Jewish praise service of chants and story telling from the week of living as Jesus did as a boy. This is a large adventure for the churches and the rewards to the staff and the children involved will be great. If you have anything you could share with children about Jewish life please contact Ann Morford.

If you have children who would like to attend the Bible-time Marketplace they do have to be pre-registered since the number will be limited to one hundred because of space. Please fill out the form below and send it to Michelson Memorial United Methodist Church today.

## Chamber Chatter

By Joyce Kolka

Wow! The activities of a small community can really grow on you, especially when you are involved in promoting the community. It takes social and business "get-togethers" to communicate for the successful development of the project.

Right off is the open house held at the new Chamber Building in the City Park and sponsored by the Building Trades Class of Grayling High School. Under the direction of Instructor Dale Lesh, the students have done a great job.

The Beautification Committee composed of citizens who really care about the appearance of Grayling to the visitor, sold potted petunias around town as a fundraiser to buy more flowers that were planted Monday, June 4th. They were sold downtown and elsewhere on Friday, June 1st.

Monday, June 4th is the first of 9 Military Receptions planned by the Military Affairs Committee of the Chamber of Commerce. On this day, we will entertain the Kentucky Guard. Nearly all of the receptions will be held at the new Chamber location in the City Park.

On June 7 and 8 we will be entertaining approximately 30 people who are managers of the Highway Travel Information Centers. They will be feted at the Holiday Inn on June 7th, treated to breakfast by Jim Bourrie at the Grayling Restaurant, inspect the Grayling Fish Hatchery and visit some of our canoe liveries. Last year when the same group was here, we took them on a hike through the Hartwick Pines and Camp Grayling.

We will also be entertaining some nationally famous outdoor writers with a fishing trip in a long boat down the Ausable River by David Wyss and others. Final details are not complete.

On Saturday, June 2nd, Skip Madsen and Carrol Wert, together with the Chamber and East Michigan Tourist Ass'n. will entertain more National Outdoor Writers with a fishing trip and a cook-out at the River Park Campground. Jim Ver-cruyse of East Mich. Tourist Ass'n. has arranged with Bill Swagler, Natural Resource Specialist and Gill Clark of State of Michigan will be shooting Trout Fishing scenes on Saturday. On Sunday, June 3rd, Red Ball Waders and Starcraft Campers will be shooting film of the area for promotional purposes. Arrangements were handled by Louis Stout of Juhl Associates.

Tickets are on sale for the Military Benefit Dinner to be held on June 12th at the National Guard Armory at Camp Grayling. All proceeds to be used for the Milltown Festival Celebration.

June 14th is the Annual Chamber Banquet. Tickets are available at the Chamber Office or from any board member.

Sheriff and Mrs. Joe White have become Associate Members of the Chamber this week. We certainly welcome them and hope they will become active members.

### NOTICE

The American Legion Auxiliary Unit 106 of Grayling will be holding their Election of Officers on Wednesday, June 6, 1984. Please note the date change. This will be held in the Legion Hall at 7:30 p.m. Please be in attendance.

# CHURCH DIRECTORY

## THE RING OF TRUTH

How much we depend on symbols to express our thoughts, our feelings, our convictions!

This ring says "We're engaged." It speaks of love and promises given. It prophesies marriage and vows to be taken. It proclaims to the world that two lives shall be forever intertwined.

But can anyone be sure that such a symbol speaks truth?

We can express with this ring only what is real and honest in our hearts. If our hearts lie or deceive, the symbol becomes part of the fraud.

If this ring then is to speak truth, he who gives it and she who wears it must have learned within themselves to separate truth from falsehood in thought, in feeling, in conviction.

The Church has a great deal to do with the sacredness of love and marriage. It can fulfill its duty best if given the opportunity to mold the character of our sons and daughters long before their wedding-day.

## Kentucky Impressed With Camp Grayling

Since arriving at Camp Grayling last weekend, Kentucky Army National Guard members have been impressed with the training facilities and the attitude of community leaders.

Making their first encampment at Camp Grayling, the nearly 4,000 Kentuckians are undergoing annual training in an effort to improve combat readiness according to Maj. Gen. Billy G. Wellman, the Adjutant General of Kentucky.

"We are delighted to have this opportunity to train our units in this new environment," Gen. Wellman said. He added that the training period will be "challenging" for the Kentucky Guard and that he expects a "very productive" encampment.

"The morale of our troops must be good if we are to achieve our training goals, and the manner in which we have been received certainly promotes good morale," he continued. "We certainly appreciate the hospitality and all of us are glad to be here."

Several community leaders and members of the

camp staff were guests at a social gathering Sunday evening which was hosted by Brig. Gen. Robert D. James, commander of the 149th Separate Armored Brigade, Kentucky's largest combat unit.

Mayor Sandy Thompson, who was among the guests at the Camp Grayling Officers Club, said that the National Guard plays an important role in the economy of the Grayling area.

"Our citizens really support the activities of Camp Grayling and we are glad to have these units from Kentucky," the mayor said.

"Camp Grayling means a great deal to our local economy and without Guard units like these from Kentucky, we would be a ghost town here in the summer," he added.

Also attending was Jeannette Kitchen, chairman of the Board of County Commissioners.

"I was very happy with what I saw in the Kentucky units," she said. "The interest they expressed in our community was very important. We appreciate and are proud of the beauty of our land, lakes and rivers. Our Kentucky visitors seem to share that appreciation."

The Kentuckians will remain at Camp Grayling through June 16.

guidelines.

Sabin said as long as board members follow these guidelines and other board members are cognizant of another board member's interest, there shouldn't be any problems with serving on the Commission on Aging board.

### Hayes Seeks KCC Seat

Jerry Hayes, of Grayling, is seeking one of two six-year terms for the Kirtland Community College Board of Trustees.

Hayes, 39, has taught at the Grayling Elementary School the last 13 years, is a graduate of Northern Michigan University, and has 33 additional hours of coursework from Kirtland, Michigan State, and Central Michigan University.

If elected, Hayes would like to help start a two-two program at KCC so area students can obtain a B.S. or B.A. degree from one of the major universities and still reside in the area.

Hayes would also like to see more off-campus courses offered to surrounding communities and greater offerings in enrichment classes.

Hayes has taught at elementary, middle school, adult educational, and college levels, is a member of the Crawford-Ausable parents group, is a 4-H leader, and has experience in school negotiations. He is married with two children.

### Halstead

is circulating a petition to have his name placed on the ballot for the commissioner position. Garland Joyce also has filed a petition to place his name on the ballot for the position. Joyce resigned from the position May 5.

Joyce sent a letter to Kitchen dated May 26 asking that his resignation be withdrawn. An opinion from David Sabin, the county's assistant prosecutor, said the resignation was effective when the commissioners accepted it May 8 and the office was open after that requiring an appointment or special election. Joyce's letter was received after a May 25 deadline for applications for the appointment.

Halstead previously served on the county board of

Claude Halstead

commissioners and has lived in the county 34 years. His term will expire Jan. 1 when the new elected commissioner from district 7 takes office.

most portions of Canada. Their regularly scheduled air taxi flights will be the first instances of these types of services being locally available. Centurion Air representatives have indicated that they believe the Grayling area is capable of supporting a greater level of service than that which they will be initially providing. Chief Pilot Hughes is hopeful that the demand will be sufficient to justify permanently stationing an aircraft and flight crew in Grayling.

### Election

(Grayling Twp., City of Grayling, part of Beaver Creek) will cast ballots at the gymnasium next to the Grayling Middle School. Precinct 2 voters (Frederic Twp., Maple Forest Twp., part of Bear Lake Twp., part of Otsego Lake Twp.) will cast ballots at the Frederic Elementary School gymnasium.
